

Show Your Home Some Love This Valentine's Day, Says Fallon Solutions

Brisbane, QLD – 14th February 2026

This Valentine's Day, Fallon Solutions is encouraging Queensland homeowners to rethink what it means to show a little love not just to each other, but to the homes that work hard every day to keep families safe, cool, and comfortable.

After months of summer heat and heavy household use, February is an ideal time to address small issues before they turn into costly repairs. From air conditioning and plumbing to electrical safety, hot water, solar, and home security, Fallon Solutions says proactive maintenance is one of the most practical ways homeowners can invest in peace of mind.

“Valentine’s Day is usually about flowers or dinners, but your home quietly supports your wellbeing every day,” said Mike Preston, General Manager – Plumbing at Fallon Solutions. “Showing your home some love now through maintenance, safety checks, or upgrades can prevent breakdowns, reduce stress, and improve comfort for the rest of the year.”

To support this message, Fallon Solutions has launched a series of February Valentine’s offers across its core services. These include incentives to upgrade

ageing air conditioners and hot water systems, preventative plumbing solutions to reduce flooding and drain emergencies, smoke alarm compliance checks to improve household safety, and solar and battery readiness checks to help homeowners reduce energy costs while rebates remain available. The company is also encouraging homeowners to consider security upgrades, with February offers designed to improve home protection through professionally installed camera systems.

“Many of the problems we see such as failed air conditioners, burst hoses, and blocked drains start small,” Preston said. “February is the window where action is easier, cheaper, and far less disruptive than waiting for something to break.”

Fallon Solutions notes that homeowners can secure February offers now and schedule services for later, making it easier to plan maintenance around busy schedules. Full details of all Valentine’s offers, inclusions, and terms are available at:
